

Requirements for Supplied PDFs

Files that do not meet these requirements may delay the production process and will add additional time and expense to your project.

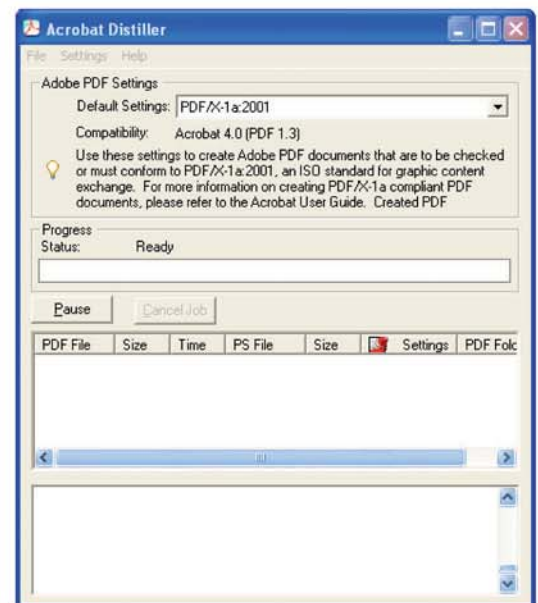

- **The PDF version should be Acrobat Professional Version 6 or Higher and meet PDF/X-1a:2001 standards.** Older versions may not meet PDF/X-1a:2001 criteria.
- **PDFs should be generated using Acrobat Distiller.** Older versions of Acrobat and applications that create PDFs often encounter problems with fonts and graphics.
- **PDF security must be set to “No Security.”** If we receive secured PDFs from you, the project may be delayed as we will need to contact you for unsecured files.
